Abstracts Presented at Scientific Meetings

   Antitumor properties of antibiotic topoisomerase II inhibitors. The annual meeting of the Tel-Aviv university
   Anti-tumor effects of novobiocin on B-16 melanoma. The 11th meeting of European Society for Animal Cell
   Technology. Brighton, United Kingdom. September, 1991
   trained and untrained subjects. 5th International course and conference on physiology chemistry and
4. Epstein Y, Moran DS, Albukrek D.
   The clinical significance of exercise induced elevation in serum CPK activity levels in army recruits. The 12th
5. Albukrek D, Moran DS, Kalmovich B, Epstein Y. Acute exertional rhabdomyolysis - a case report. The 12th
   Heat stroke induced cerebellar atrophy: CT and MRI findings. 1996 American College of Sports Medicine
   Annual Meeting. Cincinnati, USA, May 29 - June 1, 1996.
   Medicine Annual Meeting. Cincinnati, USA, May 29 - June 1, 1996.
8. Epstein Y, Albukrek D, Kalmovich B, Moran DS, Shapiro Y.
   Heat intolerance induced by antidepressants. The 10th International Symposium on Pharmacology of
   Thermoregulation. Memphis, USA, August 17-22, 1996.
   Determining Tolerance Time in Encapsulated Rooms; Physiological Considerations. 6th International
10. Albukrek D. Brain Abscess In Preterm Infants. The 1st Annual Hofheimer Schneider Pediatric Symposium.
11. Albukrek D, Yuhas Y, Livni G, Ashkenazi S. TNF and NO production by macrophages during The Antibiotic
    Tel-Aviv Israel, February 5, 2003.
12. Albukrek D, Yuhas Y, Livni G, Ashkenazi S. Effects of treating Sterptococcus pneumoniae with cefuroxime,
    vancomycin or rifampicin on TNF and NO production by macrophages. Europaediatrics 2003. Prague, Czech
    Aviv, Israel. 13 February 2005.

Scientific Publications

Original Articles

   Anti-proliferative and differentiating activity of topoisomerase II inhibitors in melanoma cell lines. Baki-Clin
   Novobiocin-induced anti-proliferative and differentiating effects in melanoma B16. Br J Cancer 1992; 65:183-
   188. (PMID: 1739614).
   Growth inhibition, induction of differentiation and reversion of MDR by novobiocin. 18th meeting of the

Case Reports

5. Albukrek D, Moran DS, Epstein Y.
   course CT and MRI findings. Neuroradiology, 1997; 39: 195-197. (PMID: 9106293)
